

# PROMOTE THE TOUCHTUNES MOBILE APP

The TouchTunes mobile app lets your patrons be the DJ and take control of the music - without having to leave their seats. Create awareness and encourage patrons to play with these marketing kits and materials available now!

Keep the music playing  
– inside and outside –  
with our brand new **STICKERS**.

## PROMO CARDS

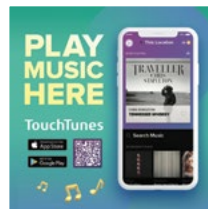

are a great way to attract new mobile and jukebox users, reward loyal users, and incentivize bar staff to help promote the jukebox and help increase coinage.

“ I love those promo cards!!!! We buy \$2k a month of cards!! Worth every penny!!!! We do 80% gross revenue mobile!!! That means customers ARE picking songs faster and NOT wasting time at the jukebox!!!”

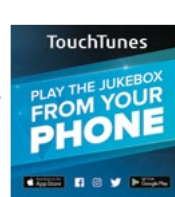

- Michael Obert, Bryden Industries
